I have to tell you, since your presentation at the Raymond James conference this year, I've become new friends with LinkedIn, Evernote, and IFTTT. I'd say that you wouldn't believe the response from folks who receive my contact information and a LinkedIn request only minutes after meeting them, but you would believe it. Thanks for helping me improve my game.

-Tim Weddle, Financial Advisor,
Raymond James Financial

Crystal, Thank you for your presentation at the Brinker Capital meeting last week! I've seen a lot of industry-sponsored presentations about the use of social media... Yours was by far the most impactful and relevant! I'm working to put some of your ideas into action!

I'm a Boomer, a veteran at Internet Marketing for over 15 years now. It's refreshing to finally have a social media book for business that I can refer to over and over again. Thanks, Crystal, for "writing it plain" — easy to understand, learn and apply.

-R. Baker

In just one weekend, I've finally figured out this social media stuff with the guidance of Crystal Washington and "The Social Media Why." This isn't the first book I've read on social media, but it is the first to motivate me to re-evaluate my half-hearted attempts at using social media for business and to get me to institute practical application.
